Tyler H.
Desjuan W.
Talia B.

Happy Birthday

- Kemaury L 2/4
Alasia A. 2/4
Carolyn D. 2/11
Dr. Chism 2/15
Landon P. 2/17

MITI KIDS' CELEBRATING FAMILIES

MITI Kids is celebrating families in the month of February. We encourage you to make the time to bond with those people in your family. Bonding creates lasting memories and an atmosphere of love which benefits everyone.

- * Have a slumber party with extended family members.
* Have a pick-up party (clean up).
* Get out the family photo album.
* Take a trip.
* Play a game.

Please send a picture of your family to MITI Kids to be included on our "We are Family" wall.

There are many ways to share your love with your family. MITI Kids thanks you for letting us be a part of yours.

Here are some things you could do with your family:

- * Go to the Park.
* Go to a museum.

Census 2010

The U.S. Census counts every resident in the United States, and is required by the Constitution to take place every 10 years. The 2010 Census will help communities receive more than \$400 billion in federal funds each year for things like Hospitals, job training centers, Schools, Emergency services, and others.

The data collected by the census also help determine the number of seats your state has in the U.S. House of Representatives.
