Good Nutritional Habits!

The Mississippi State Department of Health has recently issued new nutritional guidelines.

- * Infant bottles and cereal must come to MITI Kids premixed.
- * Powder formula or cereal will not be mixed at the center.
- * Children under 2 years will receive whole milk. At 2 years, children will be switched to fat free or low fat milk.
- * More fruits, whole grains, and vegetables are included in MITI Kids' meals.

Early Education

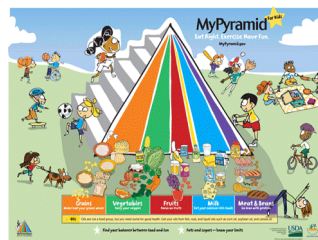

MITI Kids teachers are enrolled in the UM for extensive training.

Volunteers Needed

1. MITI Kids Valentine Lunch Banquet 2/14/10
2. Lunchtime Pal daily at 10:45 a.m. to 11:45
3. Playground Safety Eyes 9:30 to 10:30 or 2:30 p.m. to 3:30 p.m.

- * Children are encouraged to drink water with meals and snacks. This does not eliminate the need for milk.
- * Evening snacks are served to children who receive more than nine hours of care.

Parents, good nutritional habits begin with you. MITI Kids will do our part to serve healthier meals and snacks to your children.

Safety Concerns

Increased security concerning picking up of children, employee background checks/screenings and more video surveillance are tools used to increase safety at MITI Kids.

21 Ways to Praise MITI Kids
